Dear Valued Client

We are pleased to confirm that the **ELITE PRINTING INK COMPANY (EPIC) Flexo** inks supplied to your company are formulated to exclude those materials listed within Page 2 of this document. Any ink products that do not comply with this declaration are listed on page 2, in which we provide further details regarding the restricted component.

Our technical team at EPIC are available to assist you with any other Restricted Chemicals that you may wish to discuss.

Our inks do conform to Okeotex 100 Class 1. Please request P.E.T (Eco-passport) certificate copy.

Yours faithfully

Epic Team
